

This booklet has been produced by the Avanti Motor Corporation and is furnished in accordance with the requirements of the Consumer Information Regulations of the Federal Highway Administration, United States Department of Transportation. The information contained herein has been derived from testing performed by professional drivers under vehicle and road conditions prescribed in the regulations. The reported

performances are not necessarily representative of the results to be expected from the Avanti II operated under other conditions. Therefore for safety's sake, you should study your Owner's Manual as well as this booklet, acquaint yourself fully with the performance characteristics under varying weather and roadway conditions, and adjust your driving accordingly.

ACCELERATION AND PASSING ABILITY

This figure indicates passing times and distances that can be met or exceeded by the Avanti II, in the situations diagrammed below.

The low-speed pass assumes an initial speed of 20 MPH and a limited speed of 35 MPH. The high-speed pass assumes an initial speed of 50 MPH and a limiting speed of 80 MPH.

NOTICE: The information presented represents results obtainable by skilled drivers under controlled road and vehicle conditions, and the information may not be correct under other conditions.
