Steering Column

I hope all is going well in this time of extreme weather. It's bad news for us and our Studebakers but, as always, we shall persevere. Yes, it's your old president writing this column as your newly minted vice president. We held our elections at the December Holiday Luncheon and the slate reflected the last term's officers for the most part. Ron Hoff was elected president but has decided to step down for personal reasons. Our Activities Director, Chris Thomas, has volunteered to be our Acting President until the next opportunity to hold an election for that position. He will continue as our Activities Director as well.

How do you spend your time regarding Studebakers in the winter? Of course, our Chapter's Facebook page is one place to visit almost daily because Ed Lemanski keeps it fresh for us. Another thing I enjoy doing is surfing the internet looking for Studebaker stories. It's amazing what one can find. It's almost too deep a place to go because you may spend way too much time doing it according to yourself and your spouse.

Chris has assembled a terrific series of event for us so I hope you can be part of our 2026 activities.

Steve White

The Commander is the bi-monthly publication of the Potomac Chapter, Studebaker Drivers Club. Subscription is by membership to the Potomac Chapter at \$15.00 yearly (with emailed newsletter) or \$30.00 yearly (with mailed hard-copy newsletter). Canada/Mexico \$20.00 (with emailed newsletter), all other countries \$25.00. (with emailed newsletter). Direct all membership correspondence to the Membership Director. Direct all correspondence relating to The Commander to the Editor, who retains the right to edit or modify any contribution. Deadline date is the 15th of the month for the following month's issue. The Commander is also an internet publication.

The Potomac Chapter is an officially chartered chapter of the Studebaker Drivers Club, Inc.; its by-laws were approved, and charter granted by SDC in June 1967. Membership is recruited from the states of Maryland, West Virginia, (northern) Virginia, and Washington, DC. Those from other areas wishing to join the chapter are welcome.

Potomac Chapter, Studebaker Drivers Club

The Potomac Chapter of the Studebaker Drivers Club, was chartered in April 1967. It encompasses the area of Virginia, Maryland, West Virginia, and the District of Columbia. Current membership approaches one hundred. Our members hail from as far away, as New Zealand, the states of Hawaii, Florida, New Jersey, and Pennsylvania. Our mission is well defined in our [Chapter Bylaws](#).

Potomac Chapter Membership Renewal Reminder

The good news is we have had roughly half of the members renew for 2026. Thank you so much for continuing to support your local chapter. The bad news is the other half of the active members have not renewed yet, this is below what is normal for this time in the renewal cycle. I will be sending an email reminder to those of you that have not sent in your renewal. Also please remember to make out your check to **Potomac Chapter, Studebaker Driver's Club** and not to me. Our annual dues remain at a modest \$15 for an emailed newsletter or \$30 for a mailed newsletter. As usual you will find an application form on the last page of this issue of The Commander. Your car/truck is our best advertisement; I cannot drive anywhere these days without getting positive comments and questions. So, carry an application form in your vehicle and you will be prepared to recruit new members. Please contact Membership Director Stephen Walter at stephen.walter1@verizon.net if you have any questions.

B.S. Column ('bout Studebakers)

By Jerry Blount—Member, Northwest Chapter

With thanks to Brenda Scott, Editor, Northwest Newsletter

Several years ago, I wrote a column about original clutch pressure plate assemblies as used on '55 to '64 V-8 Studebakers. The point of that column was to list the various diameters used - 10"; 10-1/8"; 10-1/4"; and 10-1/2" and the rating in pounds for the different model applications. 1545 lbs. to 2050 lbs. with several in the 1700 - 1800 lbs. range.

I wanted to point out that most aftermarket clutches were more like 2200 lbs. and thus could lead to clutch linkage failure, not to mention a tired left foot. Some Studebaker parts dealers were selling a commonly available American Motors/Jeep 10-1/2" clutch pressure plate rated at 2220 lbs. I chose to rarely sell this part (only for heavy duty use) my preference was something close to the original Studebaker listings. So, I sold 10" and 10-1/4" pressure plates whenever I could, since these would be in the 1600 - 1800 lbs. range.

Recently my California wholesaler Studebaker parts supplier chose to discontinue selling remanufactured 10" pressure plates, mainly due to lack of people willing to do the rebuilding process. Fortunately he now has a source for new 10-1/2" pressure plates, rated at 1450 lbs. - noted as "standard duty". The "heavy duty" version is 2000 lbs. '55 - '64 Studebaker V-8 flywheels have a bolt pattern that will accept 10" thru 10-1/2" pressure plates, so a 10-1/2" pressure plate will readily replace a 10" plate. You should either reface your flywheel (good idea anyway) or use a 10" disc.

Digital Turning Wheels Magazine

All issues of Turning Wheels from January 2024 to the present are available online. Members can access them by going to the SDC web site at: <https://studebakerdriversclub.com/> On that page, click on "Member Area" at top right. On the next page, log in (or create a log-in account). On the next page, which shows your membership details, see the blue box on the right side; click on "View Digital Magazine." On the next page, there is a list of available digital issues of Turning Wheels. Click on any one of them to read it. You will see that SDC has done a pretty nice job of digitizing our club magazine.

Note: The latest digital edition of *Turning Wheels* becomes available on the 25th of every month.
