

Avanti Marketplace

Avanti Magazine posts the number of times each ad has run in this section. We hope this helps our buyers by fixing the time of the ad's origination. The number at the end (1/2 or 2/2) indicates how many times it has appeared in the magazine. All ads will appear twice and then be discontinued unless Avanti Magazine is notified and a new arrangement is made.

Photos may also appear with your ad at no additional charge for members; \$10 photo charge for non-members.

Contact the editor if your car or parts have been sold so that we may remove your ad.

Avantis For Sale
