STUDETORIAL

We are just a week away from the upcoming annual Muscle Cars and Covette Nationals show in Rosemont this month, and again Ed George has scored an excellent lineup of Studebakers again for 2026. At the International Meet in July, 2025 in Washington, Pennsylvania, Ed, Jim & Cindy Pepper, Nelson Bove, and Garvin Piper did a supreme job of promoting the upcoming event for last year and has maintained the interest again for this year. Below are some photos, courtesy of Ed showing him and Garvin Piper handing out postcards for MCACN in 2025. We sure hope their efforts pay off and get to see lots of Studebaker Drivers Club members attend this year's show. I know I can hardly wait to see everyone again this year!

One another note, we have a few recent updates of a couple of cars that haven't been heard from for a number of years and progress reports on a project or two in this issue. All I can say is a big thank you for all those who have contributed photos this time around, and see all of you in Chicago!

Above, Ed George, Nelson Bove with his 1964 Daytona R3 convertible and some of the MCACN regulars promoting the show at the 2025 International Meet.

One car that will make its appearance at this year's Muscle Car and Corvette Nationals will be 64V12665, the 1964 Gran Turismo Hawk that was in the former Brooks Stevens Museum for several years. It was purchased by the Studebaker National Museum along with the Sceptre, Lark sedan, and the Skyview wagon when his museum was liquidated and the car put up for auction in 1995.
