

## MODEL 44 WHEEL END SEAL KIT

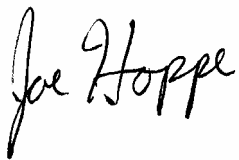

AXL-PNI-38  
PART NUMBER

DATE: June 15, 1997

TO: All Spicer® Light Axle Distributors

Some model 44 applications (industrial and over the road) may use two seals at the wheel end. The two seals are part numbers 45866 & 46327. You will need to verify if your axle was set up with one seal or two seals.

These will be packaged and sold as kit number 76267X. One kit will service one side of the axle.

A handwritten signature in black ink that reads "Joe Hoppe". The signature is written in a cursive, flowing style.
